 Funding, Ethics & Purpose Declaration

Funding Source: Entirely self-funded by Dr Rajatsubhra Mukhopadhyay.

Institutional Framework:

Clinical research conducted at CHCA, the clinical wing of SYCAT.

Vedic and Indological studies from SYCAT, the charitable educational trust.

Conflict of Interest: None declared.

Purpose: To promote global health innovation, low-cost primary medical education, and humanitarian dissemination of new clinical and integrative treatment methods.

Ethical Note: All patients involved in CHCA-based clinical projects gave informed written consent, and all studies were conducted within independent ethical practice.

Mission Statement

This archive unites clinical innovation, integrative medicine, and Vedic research under the principle of open science and cultural transparency.
All material is provided for academic reference and humanitarian learning, without any commercial intent.
